

Unit 2: Toys

Review

1. Read the texts and choose TRUE/FALSE.

Hi, my name is Sally, and I am eight years old. This is my favorite toy: my doll Molly. She has got black eyes and orange hair. She is wearing a pink dress. I've got many beautiful dresses with different colors for her. We always have a tea party together. She listens to me when I read a story. I always sleep with her.

Hello, my name is Adam, and I am six years old. My favorite toy is a teddy bear. His name is Billy. Billy has brown fur, small black eyes, and big black nose. I like him because he's soft. He's always there in my room waiting for me to play and talk. My mom wash it when it's dirty.

Hi, my name is Sam, and I am seven years old. My favorite toy are my blocks. I like blocks because they are colorful, and I can build anything I want like castles, houses, dams, and forts. Blocks never break because they are made out of wood. My baby brother claps when he sees my creations. Sometimes, he plays with me. It's very fun!
