

**1. Write the missing numbers.**

(a)

$$5 \text{ groups of } 2 = 5 \times 2 = \boxed{}$$

(b)

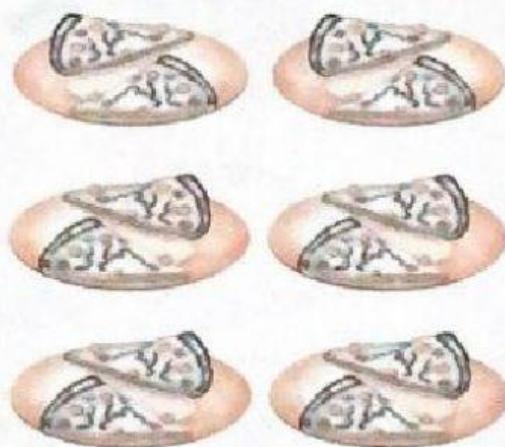

$$8 \text{ groups of } 2 = 8 \times 2 = \boxed{}$$

2. Write the multiplication sentences.

(a)

(b)

$$\boxed{} \times \boxed{} = \boxed{}$$

$$\boxed{} \times \boxed{} = \boxed{}$$

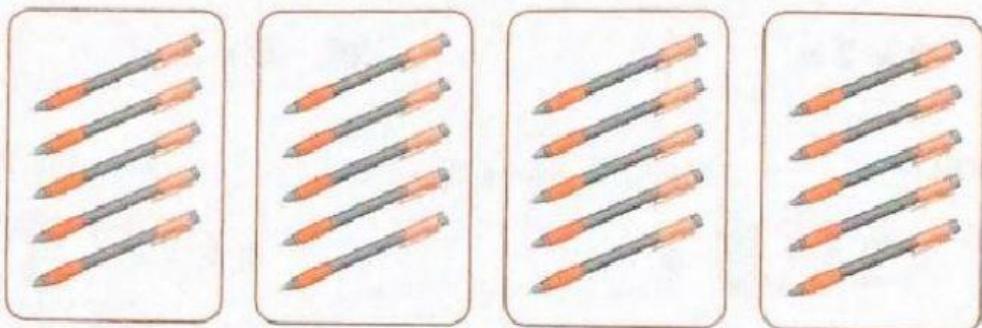

3. Write the missing numbers.

(a)

$$3 \text{ groups of } 5 = \boxed{} \times \boxed{} = \boxed{}$$

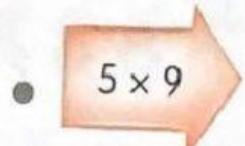

(b)

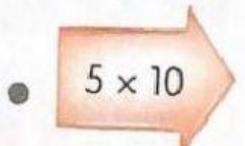

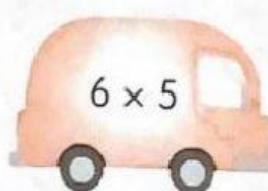

$$4 \text{ groups of } 5 = \boxed{} \times \boxed{} = \boxed{}$$

4. Match. Draw a line.

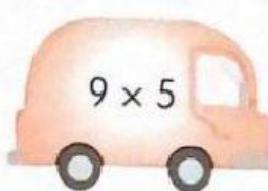

(a)

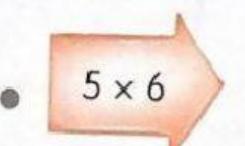

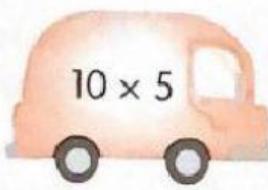

(b)

(c)

(d)

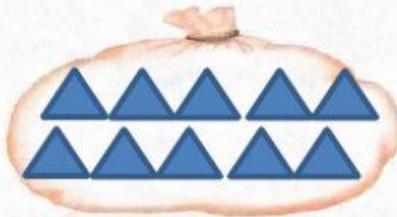

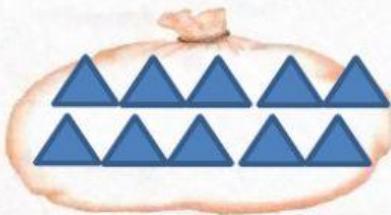

5. Write the missing numbers.

$$3 \text{ groups of } 10 = \boxed{} \times \boxed{} = \boxed{}$$

Draw 10 triangles in each bag.
Then write the missing numbers.

$$2 \times 10 = \boxed{}$$

There are _____ triangles altogether.

6. Write the missing numbers.

There are 2 birds in a cage.
How many birds are there in 6 cages?

$$\boxed{} \times \boxed{} = \boxed{}$$

There are _____ birds in 6 cages.
