Present Continuous

Complete the following by changing the words/adjectives into adverbs:

A bird of prey is des	scribed as a very large bird t	hat
	_ (usual) hunt small animals	s. The birds of prey
have	(extreme) strong curved bills and very sharp	
claws. They are also	known as raptors. These a	nimals feed
	(main) on vertebrate anima	als
(especial) mammal	s. These birds are	(primary)
predatory but man	y include carrion and dead a	nimals in their diet.
Some feed only on	dead animals. The common	features to this group
of animals include a	a very mighty hooked beak.	The legs are short and
	(extreme) powerful. All of t	the toes have very
large,	(sharp) pointed and cu	irved claws. These
birds' vision is	(particula	ar) acute, and the sense
of smell seems to b	e better developed in carrio	n-eaters than the
others.
