

Name: _____

Rounding Practice

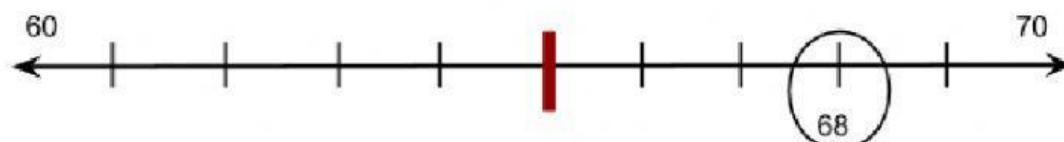

Look at each number on the number line. Circle where the number will round to the nearest ten.

Remember: if the one's place has 5, 6, 7, 8, or 9 shove it up! If it has 4, 3, 2, or 1 keep it low.

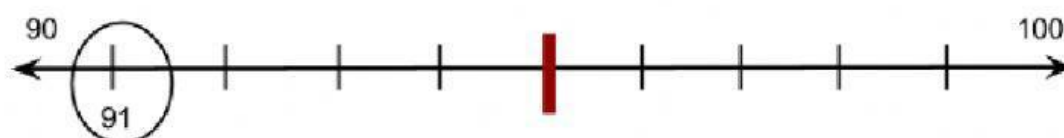

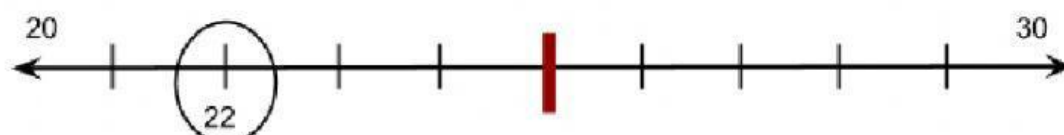

Does 25 round to 20 or 30? _____

Does 68 round to 60 or 70? _____

Does 91 round to 90 or 100? _____

Does 22 round to 20 or 30? _____

Try without a number line. Circle the number that rounds to the nearest ten.

1) 59 50 or 60

2) 11 10 or 20

3) 66 60 or 70

4) 34 30 or 40
