Part I. VOCABULARY & READING

A. In pairs, talk about the differences between the people from the pictures. Describe how they look like, and speak about their differences.

B. In pairs, read the following text and complete the sentences.

The Allen family does not look alike. Brandon Allen is very tall and he has straight blond hair. Laura Allen, on the contrary, is short and chubby. She looks older because of her weight; her hair is black and curly.

Their son, Tom, is very handsome. He has an athletic body that makes him look strong. His height and weight is average.

Mrs. Allen wears "petite" sizes, but her problem is her weight. She usually has to make dresses for her and pants for Mr. Allen. Talking about shoes, Mr. Allen has such thin feet that shoes are always wide for him. Mrs. Allen feet are so small that she has to buy shoes in the children's shoe stores.

1. In Allen family Laura Allen is _____ than Brandon Allen.
2. Brandon Allen is the _____ in Allen's family.
3. Tom is more _____ than his father.
4. Laura Allen is the _____ in the family.

C. Answer the following questions.

1. Who is the most handsome person in Allen family?

2. Who is taller, Brandon Allen or Tom?

3. Who is shorter, Brandon or Laura Allen?
