

First Conditional

Watch the video clip.

Match the condition with its result.

She passes the 100 perimeter space.

The base unit still works.

The alarm continues for more than 3 minutes.

The alarm activates.

She breaks the house arrest rules.

An alarm
automatically alerts
the police.

She has any violation.

She goes back to prison.

She tries to remove the electronic ankle
bracelet or interfere with the base unit.

It automatically adds 10
years to her sentence.

They don't have electricity.

A signal is automatically
sent and a car is seen
immediately.

Rewrite the sentences using the 1st conditional.

Ex:

1 - If she passes the 100 feet perimeter, the alarm will activate.

2 -

3 -

4 -

5 -

6 -
