Hi David,

I really like it here in the Czech Republic and I have lots of friends now. But they all go away at weekends. Everyone leaves Prague and goes to a cottage!

My best friend, Terka, has a cottage in a small town near the Vltava river. They go swimming in the river on hot days. She is really lucky because her grandma has a house in the Šumava near Lake Lipno. Terka can be there in summer for swimming or go skiing in winter."

We haven't been to the Šumava yet because it is very far from Prague. We went to the Krkonoše mountains in the spring holiday. There is a big mountain there called Sněžka and we climbed it. There are lots of woods, rivers, trees and animals.

When we are in Prague, we go to the park at the weekend. My favourite parks are Stromovka park and Vítkov park.

Please come and visit me soon. You can stay with us.
