C.- READING

Reading comprehension

Spring is the season of new life. It is the season when the world wakes up **from winter**.

The weather gets warmer and snow melts. The **warmer temperatures** make the grass, plants, and flowers begin to grow again. **The trees have new, green leaves.**

Everything is bursting with color. Birds are singing and animals are busy looking for food after a cold winter season. Often spring **is the season of many rain showers.** Sometimes there even thunderstorms that can be quite

noisy. Springtime is when kids can get outside and play by splashing in puddles, swinging on swings, or flying a kite. It is a fun season to get outside and explore.

5.- After Reading the text, **read** the following **questions** and **choose** the correct answer.
(/ 2 points) (0,5 e/a)
