785

4

ANSWER

A set of base ten blocks. There are two vertical columns of ten small cubes each, representing tens. To the right of these columns are four individual cubes, representing ones.

A 2x2 grid of four yellow cubes, arranged in two rows and two columns, all pointing upwards.

A base ten blocks representation showing 5 tens and 5 ones. It consists of five blue 10x10 squares and five orange 1x1 rods. To the right of the rods are five yellow 1x1 cubes arranged in a cluster.
