

# Mari Mengenal Pasti Bentuk Tiga Dimensi (3D)

**Kubus**

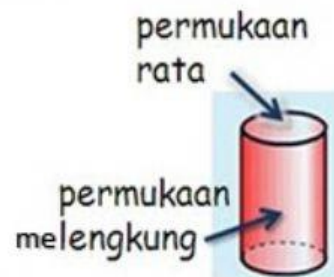

**Kuboid**

**Piramid**

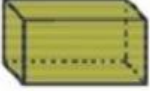

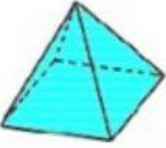

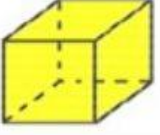

**Kon**

**Silinder**

## Tuliskan ciri-cirinya

| Bentuk                                                                                 | Ciri-ciri                                                                                       |
|----------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|
|     | Sisi: <b>2</b><br>Bucu : <b>0</b><br>Permukaan rata: <b>2</b><br>Permukaan melengkung: <b>1</b> |
| 1.  | Sisi:<br>Bucu :<br>Permukaan rata:<br>Permukaan melengkung:                                     |
| 2.  | Sisi:<br>Bucu :<br>Permukaan rata:<br>Permukaan melengkung:                                     |
| 3.  | Sisi:<br>Bucu :<br>Permukaan rata:<br>Permukaan melengkung:                                     |
| 4.  | Sisi:<br>Bucu :<br>Permukaan rata:<br>Permukaan melengkung:                                     |
| 5.  | Sisi:<br>Bucu :<br>Permukaan rata:<br>Permukaan melengkung:                                     |
