

DOUBLES PLUS ONE

Two doubles, then a double plus one

If $7 + 7 = \square$ then $7 + 8 = \square$

If $2 + 2 = \square$ then $2 + 3 = \square$

If $4 + 4 = \square$ then $4 + 5 = \square$

If $6 + 6 = \square$ then $6 + 7 = \square$

If $3 + 3 = \square$ then $3 + 4 = \square$

If $8 + 8 = \square$ then $8 + 9 = \square$

If $5 + 5 = \square$ then $5 + 6 = \square$

If $9 + 9 = \square$ then $9 + 10 = \square$
