Draw a box around the whole word search, and type the code

wordsearch;

A text box will open where you fill in the number of columns (up/down) and rows (left/right).

The app creates small blocks around each letter automatically.

Click on each letter that is part of a word.

tennis volleyball basketball baseball ping pong yoga
jump rope paddles ball net gymnastics swimming

7. Listen to the song. Answer the questions. (You can use any of the question types.

Draw a box underneath the title and type the code **playmp3;**

A text box will open where upload the mp3 file from your computer.

8. Watch the video. Answer the questions. (You can use any of the question types.

Draw a box underneath the title and copy the URL into the box – it must be an online video such as YouTube.
