

Comprehension - CAUSE and EFFECT

Cause & Effect

Cause = The reason for something happening.

Effect = What happened.

Cause + Effect = Explains why things happen.

Cause and Effect

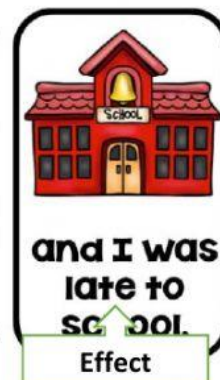

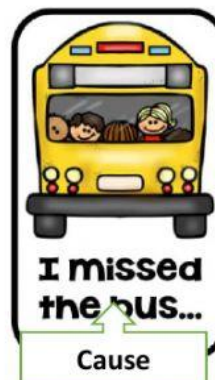

- The cause is the first thing that happens.
- It makes the second thing (the effect) happen.
- The part of the sentence after the word **because** is the cause.

Example:

I stayed home from school
because I had the flu.

Examples:

Instruction: Draw a line to match each **cause** on the left with its **effect** on the right.
