

A colorful map of a neighborhood. The map features several streets: Mill Street (horizontal), Victoria Street (vertical), and Bond Street (diagonal). Buildings include a purple BANK, a blue SWIMMING POOL, a green SCHOOL, a yellow rectangular building, an orange diamond-shaped building, a blue diamond-shaped building, and a white LIBRARY. Parks include a green PARK with a fountain and benches, and a green area with a swing set and slide. There are also several empty green and blue shapes representing undeveloped land or other buildings. The map is designed to be used for a spatial reasoning task, likely involving identifying the location of a specific building or park relative to the streets.

SUPERMARKET SWIMMING POOL TOY SHOP

The library is in Victoria Street. It's in front of the hospital. You can park your car next to the hospital and the library. There is a big car park there.
