

EILAT – Past and Present

- A** Today, thousands of tourists come to Eilat every year from Israel and other countries. They come by air, road and sea. They come to enjoy the sun and all of the activities that Eilat offers. More than 18,000 domestic¹ and international flights land at the Eilat airport every year.
- B** There are many different places to stay in Eilat – over 50 hotels, as well as holiday apartments and youth hostels. But it hasn't always been like that.
- C** In 1949, Eilat became part of the new state of Israel. In the same year Eilat Airlines was created to connect Eilat to the center of the country. There were only two weekly flights.
- D** The Arava highway (Route 90) was finished in 1958 and until that time traveling to Eilat by land was long and difficult. Cars and buses weren't air-conditioned, which made the trip even more difficult.
- E** The first hotel, the Eilat Hotel, was built in 1958. The first five-star hotel was built in the early 1980s. This was the first step in turning Eilat into Israel's most popular holiday resort².
