PERPINDAHAN KALOR

Lengkapi bagian ruang yang kosong dalam tabel dengan menjawab apakah gambar tersebut termasuk dalam contoh : Konduksi / Konveksi / Radiasi.

NO.	GAMBAR	JENIS PERPINDAHAN KALOR
1	An illustration of a clothesline with several items of clothing (a red shirt, a green jacket, and a blue pair of pants) hanging on it. The clothesline is set outdoors on a grassy area with flowers. In the background, there is a bright sun in a blue sky with some clouds.	
2	An illustration showing a hand holding a metal rod. The other end of the rod is placed over a small flame coming from a Bunsen burner. Blue arrows point along the length of the rod, indicating the transfer of heat from the flame to the hand.	
3	An illustration showing a fire burning in a hearth. To the left, a pair of hands is held out towards the fire. Red wavy arrows point from the fire towards the hands. The word "Radiasi" is written above the arrows.	
4	An illustration of a pot of water boiling on a gas stove. Steam is rising from the pot. The stove is blue and green, and the background is a solid orange color.
