THANKSGIVING HISTORY. Order it.

The Pilgrims arrived to America and settled down. They named the place Plymouth. The first winter there was very hard.

Nowadays, American people celebrate Thanksgiving Day every year on the 4th Thursday of November with a big dinner.

In 1620, some British and Dutch pilgrims sailed from England because they wanted religious freedom to settle down in the New World.

The Puritan Pilgrims sailed to America across the Atlantic ocean in a ship called “Mayflower”. The journey was difficult and lasted 2 months.

In spring, the pilgrims met a native American called Squanto. He and his tribe helped them to plant corn, to fish and to hunt the turkey.

In the autumn of 1621, the Pilgrims had their 1st harvest. They organised a thanksgiving feast and invited their friends, the Wampanoag tribe.
