"They took places opposite each other at the table under the light, but George did not shuffle the cards. He rippled the edge of the deck nervously, and the little snapping noise drew the eyes of all the men in the room so that he stopped doing it. The silence fell on the room again. A minute passed and another minute. Candy lay still, staring at the ceiling. Slim gazed at him for a moment and then looked down at his hands; he subdued one hand with the other, and held it down. There came a little gnawing sound from under the floor and all the men looked down toward it gratefully. Only Candy continued to stare at the ceiling" (49).
