

3rd INTENSIVE - TEST 4

Student's name:

Date: November 18th

READING

Mary is reading a forum on how to create a virtual city. Let's read with her and find out what it is about!

VIRTUAL CITY!

Imagine you can create a city. What would you build? In Virtual City, you decide!

FORUM

How to play:

- 1 Create a city, with streets, stores, and other places. Each building gives you points.
- 2 Build houses, hospitals, community centers, and school campuses. If you do, more people will want to live in your city.
- 3 Make friends online for extra points. Then use those points to expand your city.
- 4 Visit your friends' cities and help them build.

Sandy: Virtual City is great! I've created my own city, but now I'd like to make it bigger. I only need ten more friends! I'd also like to add a new suburb with a sports center where people could do exercise. If a lot of people joined, I'd get more points!
7:26 p.m.

Patel: Hi Sandy! I'd like to be your friend. I need help building a homeless shelter in my city! Your new suburb sounds good, but if I were you, I'd build a shopping mall, too. That's a good way to raise extra money for your dream city!
8:19 p.m.

Aaron: I want to make friends with people who play Virtual City. I'm very good at it, so if you became my friend, I'd mentor you about how to play. Right now, I'm building a nursing home in a new neighborhood. Would anyone like to help me?
7:48 p.m.

Mayu: Hello Aaron! It's Mayu! I visited your virtual city today and it's so big! How do you look after everything? I wouldn't have time! If I were you, I'd build your city with your best friend. It would be easier and more fun, too!
8:32 p.m.

A- Read the text again. Are these sentences True or False? (5x3=15)

- 1- You can help your friends build things. True False
- 2- Sandy would like to build a community center. True False
