READING. Read this text and circle T for true or F for false	5 x 0.4 = 2 marks
---	--------------------------

My name is Mary. I am eighteen years old. We have a toy shop in a small village. My father says on Fridays there are a lot of people in our toy shop. So after university, I go there to help my parents. That's another reason why I like Fridays: kids can play with the toys when they are in the shop. My father says I am responsible for the toys and I need to watch and make sure nothing breaks. Many kids from the village also come to the shop to look at our new toys. It is always noisy there because it's full of babies and small children. Little girls like dolls and boys prefer cars. Some just want to play with the toys, some want to buy them. I'm sometimes tired because I have to do a lot of things, but I like going to the shop and helping my parents.

1. The text gives information about Mary and her family.
2. Friday is not a good day to sell toys.
3. On Fridays Mary doesn't go to university because she helps her parents.
4. The toy shop is not a quiet place on Fridays.
5. Mary can't relax at the shop.
