Read the riddles and number the animals' descriptions correctly.

I'm very big and strong. But sadly, I can't jump. I love my long trunk, it makes me unique and famous!

I'm very long. I don't have any legs but I still can move. My favourite food is rats! I like them!

People think that horse is my twin, but we are different. Horse is faster than me, but horse doesn't have black and white stripes like mine.

My body has a hard shell even I'm small. I'm slower than tortoises.

No one can touch my two cute and small horns on my head because I have the longest neck and I'm the tallest.

My best friend is hippo. We are almost the same but hippo doesn't have sharp horn like mine. My skin is so thick!

I'm bigger than monkey and more powerful than humans.

I love bamboo! But I'm very shy with anyone. Even I'm big, I'm still lighter than polar bear

I have humps behind my backs, I feel comfortable living in desert.
