

THE FIRST THANKSGIVING

In 1620, the Pilgrims left their home
in England for religious freedom.

They sailed on a ship with white
sails called the Mayflower.

The trip across the blue ocean
took 66 days!

They made it to the New World
and called their home Plymouth.

The first snowy winter
was long and cold.

In the spring, a Native American
named Squanto taught them how to survive.

To celebrate the harvest in the fall,
they had a feast with pumpkins, cranberries
corn and turkey.
