Wedding Nightmares

My name's Leora and my company is Best Bride.
I _____ BE a wedding planner for six years now.
- It's wedding day
and everything's going absolutely perfect.
Obviously the bride _____ NEED to start a lot earlier.
She_____ BE just about finishing her hair,
and typically when we get at that stage
we'll start getting the groom ready.
He_____ PUT his pants on and we _____ REALIZE
it _____ BE short and tight.
He _____ TRY his shirt and it _____ FIT either.
Everything in his garment bag _____ DO not fit him.
He _____ HAVE his last fitting
and he _____ GO to pick up the tux.
I'm like, "Did you try it when you picked it up?"
"No."
It _____ BE the wrong tux.
None of the groomsman tux _____ FIT him.
Best thing to do at that point is we gotta go buy a tux.
People usually go shopping and they're like,
trying to find what they want,
and here we are literally like two crazy people,
like, "Where is the dress shirts?"
He's so picky.
"But I don't like the length of this.
"but I don't like the fit.
"I wanted high waisted. I want the collar to be like that.
"this is too white. I ordered ivory cream."
I'm like listen, at this point we just need to buy something and we need to go.
We _____ END up buying eight shirts, six different tuxes.
I _____ BE LITERALLY him out of the mall.
he's like, "This isn't what I wanted.
"this isn't what I wanted to look on my wedding day.
"I think we have to postpone."
I'm like we're not gonna postpone your wedding
because you got the wrong tux.
We _____ GO back.
So the bride _____ BE practically ready.
Once she _____ SEE him and the first look happened,
she's like, "Babe, is this the tux?
"It looks kind of different."
We're like, "Oh, no, no, no,
"it's probably just the lighting."
You know, obviously the day _____ GO by, they _____ BE happy.
No one even _____ CARE at the end.
All I have to say is,
please try on your tux when you pick it up.as
