

1. READ THE TEXT ABOUT LEONARDO DA VINCI AND UNDERLINE PRESENT PERFECT.

Leonardo Da Vinci

Leonardo DaVinci was a famous artist. His works of art have impressed the world for centuries because of their beauty and unique techniques. Works such as The Mona Lisa and The Last Supper are the most famous portraits of all time. However, did you know that DaVinci was also a scientist, engineer, inventor, anatomist, architect, botanist, musician, and writer? For some people, he is the most talented person that has ever lived. Besides his famous paintings, his notebooks with drawings and diagrams have been a treasure for all generations. His drawings show ideas such as a helicopter, a parachute, and a flying machine. He also drew some weapons like an armored car that later became tanks, and the first car that moved by itself and a transportable bridge. We would not know about his great ideas without his sketches.
