

1. What is it? (Drop down box – 2 options)

Draw a box on the line.
The code is **choose**.
Put **!** in front of the correct answer

It is a _____ .

2. What is it? (Multiple choice – can choose more than one correct answer.)

Draw a box around each possible answer.
The whole sentence should be in the box.
The code is **select:yes** or **select:no**

It are a dog.

This is a cat.

It is a dog.

3. What is it? (Check the correct answer/s)

Draw a box around the little check boxes on the left of each sentence. In this exercise, the kids will only make a check in the correct boxes.
The code is **tick:yes** or **tick:no**

It is a cute dog.

It is a nice cat.

It is a dog.

It is a white and brown dog.

4. Match words and pictures (2 methods)

yellow

purple

pink

Draw a box around each of the pictures and each of the answers.
The code is **join:** or **join:**
After the code, you need to add the same number for the **picture** and **word**.
join:1 join:3
join:2 join:1
join:3 join:2
Each picture needs a different number.

← yellow

← purple

← pink

Draw a box over each arrow (you can use any place marker or shape).
The rest is the same as above.
I prefer this method because the lines don't overlap with the words or pictures.

5. Fill in the missing blanks. (Can also be used for unscrambling sentences)

a) What is _____ ?

b) This is a _____ .

c) _____ dog is cute.

d) I like the _____ dog.

Draw a box over each "missing" word and each word.
The codes are **drag:** and **drop:** and a unique number for each answer, similar to the matching activity.
Add the code drag: to the words in the word block, and drag: to the "missing" word line.

dog The cute it
