- What belongings do you have that are made from the materials in the chart?

a leather jacket, a mahogany table...

 Work in groups. Think about your favorite store. Discuss the questions.

- Where is it? Is it easy to get to?
- What kinds of things do you buy there?
- What does it look and smell like?
- Do they play music? What kind?
- How do you feel when you're in the store?
- Do you often buy things there that you don't really need?

My favorite store is a game store. They have lots of secondhand games and you can pick up some great bargains.
