

# AVATARARIUM – BONEFLOWER

## Complete the lyrics (don't cheat):

In skull forest shadows hang  
Same old story, love is  
Fools and beggars, kings and priests  
A thousand corpses look like

Come in pairs, share the  
They go like one after cold last kiss  
Dark-boned bodies from the  
Have passed the \_\_\_\_\_ to the after-life meet

In skull forest light has fled  
Oh, boneflower adorns the

From the branches lovers hang  
One way trip to the promised  
Side by side and hand in  
Nobody knows if \_\_\_\_\_ were found

In skull forest the brave they hang  
The ones that \_\_\_\_\_ or the ones that won  
To nurse the dream, to go or \_\_\_\_\_ ?  
If you have a \_\_\_\_\_ you go all the way

**Choose the correct option:**

Which of the forms is the passive voice?
