

My Wonders of _____!

I've been to so many places, but I never thought that Gua Kelam is one of the most beautiful places I've been to. When I was in Grade 3, I first experienced riding in a bus, where my classmates are with me. My first Field Trip was in Gua Kelam. I was so happy that my parents allowed me to go there. So, that day came and I woke up earlier than ever before I got to school at 4:00, and I found my best friend on the bus, sitting with her mother. I was with my Mom and Dad. Oh, my sister's there too.

The bus was full at 5:30, as we go all of us was so excited. After an hour, I guess, the bus stopped at a petrol station surrounded with restaurants and shops. We bought food at KFC, my favorite. Finally, we moved on and got to the bus. After a while, my classmates are in the bus. All in! While the bus was on its way to Gua Kelam, I ate my fries from KFC.

When we arrived at our first place Leisure Park, we got into the Coffee Farm. After, the guide showed us Flower Gardens and the Worms World. There I first touched a worm. Even though it's an "eew" still, I touched it and it tickled me, especially when it was in my palm. Anyways, when we got to the Butterfly Garden, we first passed through a Wishing Well. Too bad, I don't have any wish with me. Then, after that we got into the bus again and go in the famous waterfall in Gua Kelam, here, I saw the nature painted with different colors of flora and fauna. I also saw a hanging bridge, it was so scary, but, I wanted to get pass through it. There, I also saw a greenery paddy field. Before back, we got into the UMP, one of the public university in Perlis. We got home, safely. Even though I got so tired, I enjoyed it.
