## **Pronouns**

What is a pronoun? A pronoun is a word that replaces a noun.		
Example:		
Noun: Annie Pronoun: she		
Annie is my best friend. Annie studied biology in university. Annie now works for a science supply company.		
These sentences are repetitive. Use a pronoun to replace a noun; this will add variety to your writing.		
Annie is my best friend. <b>She</b> studied biology in university. <b>She</b> now works for a science supply company.		
There are different kinds of pronouns.		
Personal Pronouns		
Personal pronouns replace nouns that are people.		
$I \rightarrow me$ we $\rightarrow$ us		
you you		
he → him they → them		
she → her		
Miss Rich likes tea. <b>She</b> likes tea. <b>NOT → Her</b> likes tea.		
Impersonal Pronouns		
There is one impersonal pronoun, and it replaces nouns that are things. → it		
The chair is in my way. It is in my way.
