Choose a place you don't know. You can choose a city anywhere in the world. Surf the Internet and find maps and descriptions of the place. Decide which places to visit. For example, take an online virtual tour of a museum or look at photos of typical monuments.

Read about typical food of the country and cook this food for lunch, if possible. Don't forget to buy the groceries you need! In the afternoon, watch videos about the city and remember to listen to some traditional music from the area.

For dinner, cook another typical dish, or if possible, go to a restaurant in your hometown that offers the cuisine from the city you are visiting. In the evening, email a friend about your visit.
