

WEEKLY PLAN for LEVEL 2

WEEK: 2

UNIT / TOPIC: - Unit 1 - To identify and describe school items.

WARM UP ACTIVITIES // REVIEW OF THE PREVIOUS LESSON

Greeting students and reviewing the previous week, showing school items and make them try to find the name of it. Revising numbers from 1-20

Pupil's Book p. 8-11 / Activity Book p. 4-5-6-7

Sayılar da renklerde olduğu gibi gerçek iletişim ve 'information gap' bilgi doldurma üzerinden gidiyoruz. Sayıları one, two, three, four diye ezbere saymamız motivasyonumuz için iyi olsa da sayıları bildiğimizi GESE formülüyle anlıyoruz. Çocuklara 1den 20ye kadar olan sayıları gösterip What number is this? (It is nineteen) diye karışık sırayla What are the purple numbers? Is this eleven? (Yes, it is/No, it is twelve) diye farklı sorularla soruyoruz. Onlar da bize sorarsa sırf yanıtlayan taraf olmamaya şimdiden alışırlar.

Number Poster

1	2	3	4
5	6	7	8
9	10	11	12
13	14	15	16
17	18	19	20
