

TEST – Postcard n°2

I) Read the second postcard that you received from Andrew.

Dearest friend,

I am now in Montreal ! I arrived two days ago. On Friday, I walked up the Mount Royal and enjoyed a fantastic view of Montreal from the Camillien-Houde panoramic viewpoint. Then I ate poutine in a small restaurant at lunch, and it was delicious ! In the afternoon, I went on Montreal's big wheel, and I loved that we saw St Lawrence river from there. I finished the day with some shopping on the Vieux-Port. On Saturday, I visited the Botanical Garden, and I went to Montreal Biodome, so I saw the Olympic stadium that is just next to it. After lunch I crossed the Jacques-Cartier bridge to go on Saint Helen's island, and I visited the Stewart museum. I wanted a snack so I bought beaver tails, and I really liked it ! Today is Sunday, so I think I will just walk in a park and plan the rest of my trip in Canada. I will go whale-watching and hiking in Newfoundland, then I will fly to the West coast and discover another face of Canada ! I need to get prepared. Please write me back and tell me if you'd like to join me !

xoxo, Andrew
