

You better          out  
You better not  
You          not pout  
I'm telling you

Santa Claus is comin' to

He's          a list  
He's checking          twice  
He's gonna          out  
Who's naughty or

Santa Claus          comin' to town

He          you when you're sleeping

He          when you're awake

He knows if you've          bad or good

So          for goodness sake
