

Listen to the song and fill the gaps  
with the words from the box, either  
in the simple present or in the  
simple past

can (2x), happen,  
look, love, see,  
have (2x), wake up

## Miles away

Madonna

I just \_\_\_\_\_ from a fuzzy  
dream  
You never would believe those  
things that I have seen  
I looked to the mirror and I \_\_\_\_\_  
your face  
You \_\_\_\_\_ right through me, you  
were miles away

All my dreams, they fade away  
I'll never be the same  
If you \_\_\_\_\_ see me the way  
you see yourself  
I can't pretend to be someone else

You always \_\_\_\_\_ me more  
Miles away  
I hear it in your voice  
We are miles away  
You're not afraid to tell me  
Miles away  
I guess we're at our best  
We are miles away

So far away (4x)

When no one's around, then I \_\_\_\_\_  
you here  
I begin to see the picture, it  
becomes so clear  
You always \_\_\_\_\_ the biggest  
heart  
When we're six thousand miles apart

Too much of no sound  
Uncomfortable silence \_\_\_\_\_ be  
so loud  
Those three words are never enough  
But it's now distance love

I'm alright, don't be sorry, but  
it's true  
When I'm gone you'll realise  
That I'm the best thing that  
\_\_\_\_\_ to you
