matter

## My Disability

My                      doesn't define me.  
It doesn't                      what you see.  
What you learn matters,  
And hopefully your                      shatters.

## disability

your disability is never your                      ,  
its your                      motivation  
in finding  
the  
within...
