| a | If you're the type of person who likes lying on the beach or swimming in the sea, then Brisbane is the place for you. The summertime temperature here is over 30 degrees Celsius, and it can even go as high as 40 or 45. You can't stay in the sun for too long, but the warm evenings are fantastic. |
| b | The weather over the next few days is going to be very bad with a lot of rain. Many areas will have storms, and there may be floods in some parts of the region. The wind will be very strong, so be careful of falling trees and other dangers.                                                       |
| c | What's the best place to choose for a city break this spring? There are two options you might want to think of. One is Prague, which usually has warm or even hot weather in the summer. The other is Warsaw, which is further north and where the weather can be changeable in June and July.         |
