POLLUTING THE ENVIRONMENT

Vehicle exhaust fu	mes, litter and	l many oth	er waste (0)
a	re called poll	utants. Pol	lutants can
affect our health ai	nd harm anima	ls and plan	ts. Releasing
(1)	waste from	factories	and power
stations is one of t	he main ways i	n which we	e pollute our
(2)	. These waste	substance	s are the (3)
results of modern living.			
Pollution itself is n	ot new - a hund	lred years a	ago factories
sent out great clou	ids of (4)		smoke, and
pollution has now spread to every corner on Earth. Our			
(5)	have much to	learn, but	we do know
more about how to control pollution. The use of solar			
energy will help in			
	e can also		
	pollution by re	cycling was	
The use of cars wh	12.724		instead
of petrol is also			ight against
pollution. It is up to everyone to be as (8)			

0 PRODUCE 5 SCIENCE
1 CHEMIST 6 REDUCE
2 SURROUND 7 ELECTRIC
3 WANT 8 ECONOMY
4 POISON
