   a. the lion   b. the snake

5. The size of the lion and the snake is

   a. similar   b. different

B. Observe the documents and then fill in the blanks and circle the correct answers.

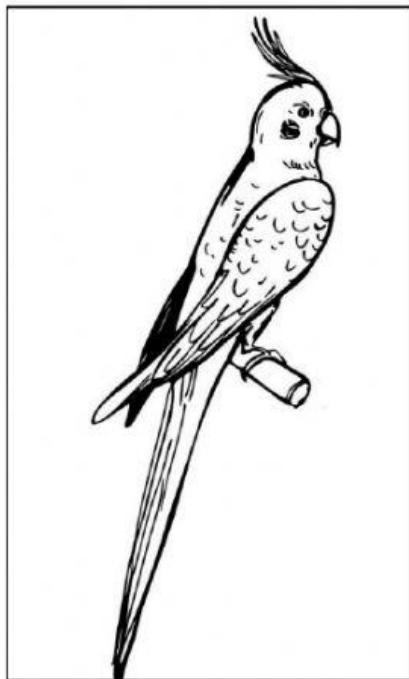

Document 3: Cockatoo

Document 4: parrot

1. The body covering of the cockatoo is [fur]   [feathers]
2. The body covering of the parrot is [feathers]   [scales]
3. The body covering of the parrot and the cockatoo is:

   a. similar   b. different

4. The size of the cockatoo and the parrot is:
   a. different   b. similar

> Remember!
>
> Animals can be similar or different in regarding to their body covering, shape, color and size.

Exercise 2: Animal food diets

Observe the documents and circle the correct answers.
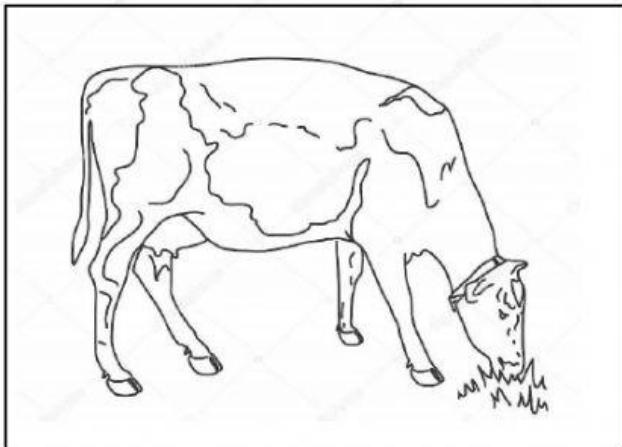

Document 5: Cow eating grass
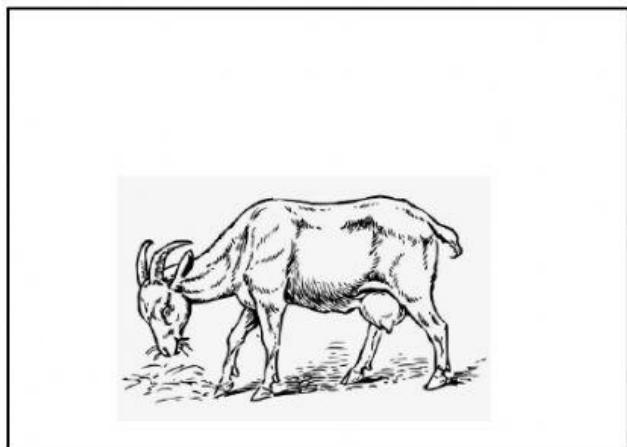

Document 6: goat eating grass

1. The food diet of the cow is:
   a. plants   b. meat   c. grains

2. The food diet of the goat is:
   a. plants   b. meat   c. grains

3. The food diet of the cow and the goat is:
   a. similar   b. different

4. Animals that eat plants are called:
   a. carnivores   b. granivores   c. herbivores

Exercise 3: Habitats

A. Match the habitat to its name.

●   ● **Land**

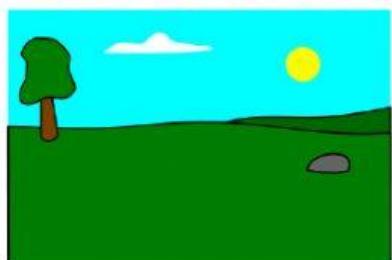

●   ● **Air**

●   ● **water**

B. Observe the documents and circle the correct answers.
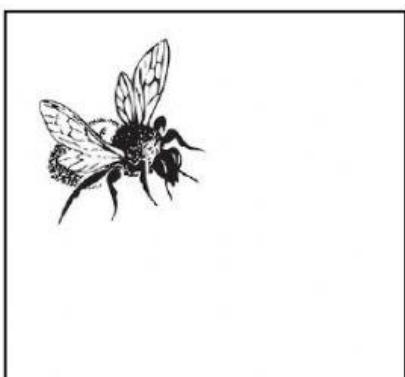

Document 9: bee flying in air
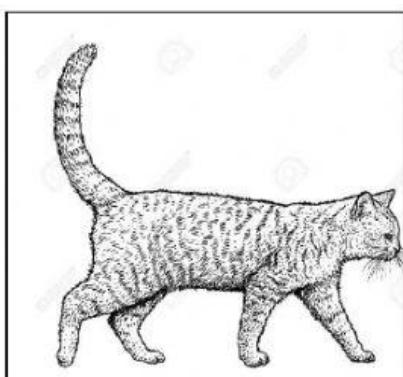

Document 10: cat walking on land
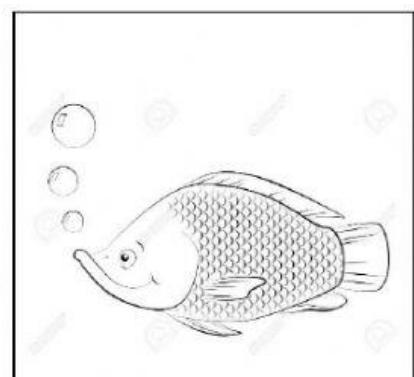

Document 11: fish swimming in the see

1. Circle the name of the animal that can fly in the air.

   a. bee   b. cat   c. fish

2. Circle the name of the animal that can walk on land.

   a. bee   b. cat   c. fish

3. Circle the name of the animal that can swim in the see.

   a. bee   b. cat   c. fish
