

NETFLIX

explained

Explained is an American documentary television series that premiered on Netflix on May 23, 2018. The show's episodes average between 16 and 18 minutes, with each focusing on a different topic. Each episode is also voiced by a different guest narrator. Netflix ordered 20 episodes for the show's first season, and greenlit a second season. The second season debuted on September 26, 2019.

Music

When does music become art? Why are humans so uniquely able to create musicality? We talk rhythm and the science of song and dance. Let's dive into a brief history of music, and a discussion on the magic of music and research. Featuring Tokimonsta.

The world's water crisis

The world's water crisis is at an examination point. How do we price our most valuable resource, while also ensuring access to it as a human right? This is an inflection point of the water crisis around the globe, including clean water on how to protect our water and ensuring third-world countries continue to have access. Featuring Amina Mohamed.
