

Recapitulare - înmulțirea

1. Calculează:

$5 \times 2 = \square$

$6 \times 4 = \square$

$10 \times 5 = \square$

$4 \times 3 = \square$

$8 \times 5 = \square$

$7 \times 9 = \square$

$8 \times 2 = \square$

$7 \times 7 = \square$

$6 \times 6 = \square$

$3 \times 3 = \square$

$9 \times 6 = \square$

$9 \times 9 = \square$

2. Completează:

$\square \times 4 = 20$

$\square \times 8 = 32$

$6 \times \square = 48$

$7 \times \square = 21$

$9 \times \square = 63$

$\square \times \square = 49$

3. Calculează în două moduri:

$4 \times 2 \times 3 =$

$= \square \times 3 =$

$= \square$

$4 \times 2 \times 3 =$

$= 4 \times \square =$

$= \square$

$2 \times 2 \times 5 =$

$= \square \times 5 =$

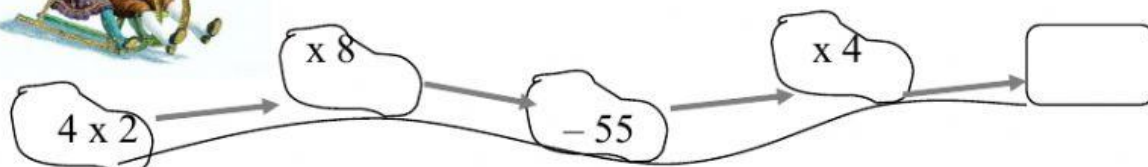

$= \square$

$2 \times 2 \times 5 =$

$= 2 \times \square =$

$= \square$
