The garden of a million miracles

1

2

Dubai has many places that offer a relaxing day out for friends and family. Dubai Miracle Garden is just one of those places for a variety of reasons.

3

Let's start with the incredible number of beautiful flowers. You will find over 150 million flowers all arranged in a wide variety of colorful shapes, such as a giant teddy bear, a floral castle, and even an airplane covered in fresh, colorful flowers.

You can also find entertainment for children, including a trampoline park, and a selection of shops and refreshment stands.

The gardens have an added bonus, too. The trees and flowers help to cool the air and also help to stop the sand during the sandstorms we experience in Dubai. So, the gardens are great for the environment.

Located in Al Barsha South, near the Dubai Autodrome, you can visit the gardens any day of the week during the winter months, from 9am to 9pm.

4

So, don't stay at home this weekend. Turn off the television and come and enjoy the amazing spectacle that is Dubai Miracle Garden. See you there!
