<i>Functions</i>	

With little or no money there are many enjoyable neighbourhood activities too like sports and celebrations.

A neighbourhood is a social community within a city, town, or village.

A strong and closely related neighbourhood is a safe environment for children to grow up.

Neighbourhoods also protect the families from crimes.

A neighbourhood is made up of families who live near each other.

Mothers and girls can also learn certain skills like cooking and knitting from each other.

As neighbours there is a lot of face-to-face interaction among them.
