

## Surface Area of Cuboids & Cubes

1)

- FRONT side =  $\text{cm}^2$
  - BACK side =  $\text{cm}^2$
  - TOP side =  $\text{cm}^2$
  - BOTTOM side =  $\text{cm}^2$
  - RIGHT side =  $\text{cm}^2$
  - LEFT side =  $\text{cm}^2$
- Total surface area =  $\text{cm}^2$

2)

- FRONT side =  $\text{mm}^2$
- BACK side =  $\text{mm}^2$
- TOP side =  $\text{mm}^2$
- BOTTOM side =  $\text{mm}^2$
- RIGHT side =  $\text{mm}^2$
- LEFT side =  $\text{mm}^2$

- Total surface area =  $\text{mm}^2$

3)

- Area of one square =  $\text{cm}^2$
- Total surface area =  $x$   
=  $\text{cm}^2$
