

Know What the Parts of Multiplication and Division Are Called

Multiplication

$$4 \times 3 = 12$$

Diagram illustrating the parts of multiplication:

- 4 and 3 are labeled as **factors**.
- 12 is labeled as the **product**.

Division

$$12 \div 3 = 4$$

Diagram illustrating the parts of division:

- 12 is labeled as the **dividend**.
- 3 is labeled as the **divisor**.
- 4 is labeled as the **quotient**.
