

- Count, then match to the number. Remember to count the TENS first then the ONES.

The image shows three boxes of base ten blocks. The top box contains 6 tens rods, each made of 10 small cubes, totaling 60 cubes. The middle box contains 3 tens rods (30 cubes) and 7 individual ones units (7 cubes), totaling 37 cubes. The bottom box contains 4 tens rods (40 cubes) and 5 individual ones units (5 cubes), totaling 45 cubes.
