

The Crystal Ball Mystery: We aren't thieves!

6a

1 Listen and read. Who can fly a helicopter? **Bill's stepmother.**

You children are thieves! The crystal ball from the museum is in your bag!

Susie: We aren't thieves! The bag was in my uncle's house. Two bad men wanted the crystal ball, so he moved it.

Mickey: You must believe us. The ball is magic.

Officer: Stop telling lies!

You can go, Bill, your stepmother is here.

Thank goodness you are OK. I was very worried. What happened?

Professor Hammond is in trouble. Two bad men have got him. And the crystal ball is in the police station.

We must find Uncle Gordon.

But we haven't got the crystal ball.

Please fly us to Rapid River.

OK, but how do you know he is there? Can you do magic?

Stepmum: I looked for your bag and here it is! I can help you find Professor Hammond. I've got a helicopter.

Susie: Two men kidnapped him, but we followed them. Now Uncle Gordon is rafting down Rapid River.

We can't do magic. But this crystal ball can!
