Billy and Dot start to make dinner.
Gus puts the food away.

Dot looks for the cream but
the cream was in the freezer.

The ice pops weren't in the freezer.

Let's make dinner. We
can have pasta,
vegetables, fruit, and
cream.

It's steam. It was a
liquid and now it's a
gas! Cool!

Look! Ice cream. It
was a liquid and now
it's a solid! Cool!

Put the ice pops in the
freezer, Gus. And heat
the water, please, Dot.

Uh-oh! They were solids
and now they're a liquid!
Sorry!

They're in the water.
Now it's soup!

Oh, no, Gus!
