

Characterization & Scenarios

Read each scenario and answer the questions provided, thinking in the perspective of your selected character.

Scenario #1: Your character and group of people are in an elevator when suddenly it begins to shake and stops moving. Someone presses the emergency alarm but there is no answer.

What is your character thinking?

What does your character say?

What does your character do? (Actions they take, body language etc.)

Scenario #2: Your character has hired a painting company to paint their house while they are away for the day. When they return, they see that the painters painted the wrong colour and did a terrible job (missed spots, made a mess etc.).

What is your character thinking?

What does your character say?

What does your character do? (Actions they take, body language etc.)
