

# Mercy, Mercy me (the Ecology)

by Marvin Gaye

## Task

Listen to the song and fill in the gaps.

Whoa, ah, mercy, mercy me

Ah, \_\_\_\_\_ ain't what they \_\_\_\_\_, no, no

Where did all the blue skies go?

\_\_\_\_\_ is the wind that \_\_\_\_\_

From the north and south and east

Whoa, mercy, mercy me

Ah, things ain't what they used to be, no, no

\_\_\_\_\_ on the \_\_\_\_\_ and upon our seas

Fish, full of \_\_\_\_\_

Oh

Oh, mercy, mercy me

Ah, things ain't what they used to be

Now, now, \_\_\_\_\_ and in the sky

Animals and birds who live nearby are dying, oh

Oh, mercy, mercy me

Ah, things ain't what they used to be

What about this \_\_\_\_\_

How much more \_\_\_\_\_ from man can she \_\_\_\_\_?

Ooh

Oh, no, no, ooh

(My sweet love, my sweet love) no, no, no

My, my, my, my sweet love

Ooh
