

MAKE A HUNDRED TO ADD

Make a hundred to add.

1. $23 + 398$

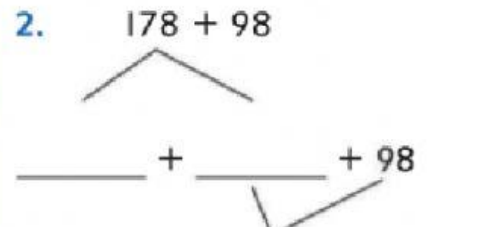

$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 398$

$21 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

So, $23 + 398 = \underline{\hspace{1cm}}$.

2. $178 + 98$

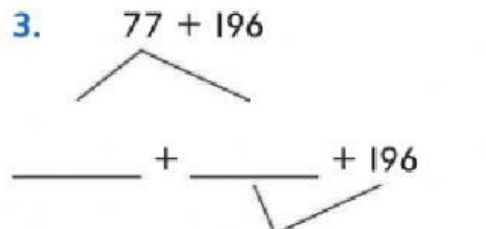

$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 98$

$176 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

So, $178 + 98 = \underline{\hspace{1cm}}$.

3. $77 + 196$

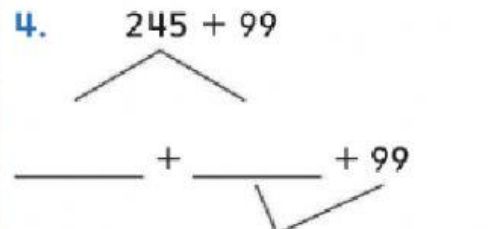

$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 196$

$73 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

So, $77 + 196 = \underline{\hspace{1cm}}$.

4. $245 + 99$

$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 99$

$244 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

So, $245 + 99 = \underline{\hspace{1cm}}$.
